funds are insufficient to fund all approvable applications within a priority category specified in § 56.107, the Secretary will award grants to the applicants which, in his judgment, will best promote the purpose of section 319(d)(1)(A) of the Act and the applicable regulations of this part, taking into account with respect to each application:

(1) The extent to which the project would provide for the elements set forth in § 56.303;

(2) The capability of the applicant to provide quality health care services;

(3) The soundness of the financial management plan for assuring effective utilization of grant funds and maximizing non-grant revenue;

(6) The degree to which the applicant intends to integrate services supported by a grant under this part with health services provided under other federally assisted health services or reimbursement programs or projects;

(7) The extent that community resources will be utilized by the project; and

(8) Consistent with the other requirements of this part, the degree to which and the manner in which the applicant provides specific health services which the Secretary has, through publication of a notice in the FEDERAL REGISTER, established as services which should receive emphasis by applicants.
